

Before  
landing

# Make a Useful Radio Call

Plan your call

1. **Station** you are calling (**repeat**)
2. Your **callsign**
3. Your **position** – *[turning onto] [long] leg-name [marginal]*
4. Circuit **turns** – *Left / Right*
5. **Landing direction** / runway – e.g. *South / 180*
6. Anything else **relevant** – e.g. *number 2, landing long / short*
7. **Station** you are calling

## Make your call

- Early, if possible
- After configuring to land
- Safe:  
*Aviate, Navigate,  
Communicate*

“Camphill Base, Camphill Base,  
Alpha Bravo Charlie,  
Downwind,  
Right Hand,  
To the South,  
Camphill Base”
