

Make Useful Radio Call(s)

Take a moment to plan your call...

- **Station** you are calling
- **(repeat)**
- Your **callsign**
- Your **position and relevant additional info**
e.g. *[turning onto] [long] leg-name [marginal]*
- Circuit **turns** – *Left / Right*
- **Landing direction** / runway – e.g. *South / 180*
Anything else relevant e.g. *number 2, landing long / short, landing in an unusual area.*
- **Station** you are calling

“Camphill Base,
Camphill Base,
Alpha Bravo
Charlie,
Downwind,
Right Hand,
To the South,
Camphill Base”

“Camphill Base, Camphill Base,
Alpha Bravo Charlie,
Late downwind, Right Hand, Number 2 to K8,
Landing long at the South end of the field,
Camphill Base”

Make your call

- **Early** if possible.
- After configuring to land.
- **Safe:**
*Aviate, Navigate,
Communicate*
